An Outreach Program for Homebound Seniors in Maricopa County

Our History

Medecons Initiative, Inc. was officially incorporated as a non-profit Organization in Arizona in September 2006. After many years of hard work by its founder, John Kabata, a native of Kenya, Medecons Initiative, Inc.

has become a reality. Mr. Kabata was motivated to start Medecons Initiative, Inc. when he realized that many elderly people in the United States are forced into assisted living situations. This frequently happens because the elderly are no longer able to function independently and they do not have family or friends to help them. Many homebound elderly are in need of services, provided in a compassionate way, which will enable them to live independently in their own homes with dignity. Medecons needs community volunteers to give their time, talents and compassion. Join us in helping the elderly in your community stay independent and in their own homes for as long as possible..

You can help by:

- Becoming a volunteer
- Referring a needy senior
- Financial Support
- Donating Other Items

Services

Many elderly people in Maricopa County live below the poverty line. Often the elderly cannot take care of essential needs of every day living and are un-able to pay for these services. Important chores get left undone and the quality of their lives becomes increasingly more difficult and in some cases unbearable. Our volunteers can help provide many of these services such as:

Home Services

- Vacuuming
- Dusting
- Mopping floors
- Cleaning all parts of house

Yard Services

- Light tree trimming
- Mowing lawns
- Hedging
- Trimming
- Spraying weeds

How Does Medecons Initiative Inc. Work

- We identify/evaluate needy seniors.
- We recruit and train volunteers
- We match volunteers with our clients
- We refer clients to other services

Our Mission

Medecons Initiative Inc. provides free services, such as but not limited to, house cleaning, yard work and minor repairs for the needy elderly living in Arizona.

Our Vision

The needy elderly living in Arizona shall be able to live independently and with dignity.
